

## Press Release Quick Tips

---

### VCC Expands All-In-One Product Offering to Include IP67 / NEMA 6P Rated LED Indicators

**Distribution Date:** December 1, 2014

**Product Name:** 22mm CNX 722FV Series all-in-one indicator

**Product Description:** The CNX 722FV Series panel-mount indicators with FlexVolt™ Technology feature built-in LED for fast, easy installation. The ruggedized CNX 722FV Series indicator can be used with voltages ranging from 5V to 28V DC circuits.

**Key Markets/Applications:**

- Automotive
- Aerospace
- Industrial
- Instrumentation
- Medical
- Military
- Mining
- Outdoor
- Safety
- Transportation
- Vending & game machines

**Key Benefits:**

- Used with voltages ranging from 5V to 28V
- IP67 / NEMA 6P rating for outdoor environments
- Resistant to shock and vibration
- Built-in LED for fast and easy installation
- Fast pitch threads that require only one turn for easy assembly
- Direct sunlight visibility
- Wide viewing angle for maximum light detection

**Product Specifications:**

- 22mm mounting hole
- 24 AWG wire leads
- Custom LEDs and lens colors are available upon request
- Optional bezel that is also available in many colors
- Available with a variety of connection options to simplify installation.
- RoHS compliant
